

## Bolivia enacts Law of Mother Earth and GMO ban

President Evo Morales enacted the Law of Mother Earth and Integral Development to Live Well. Morales issued the Law of Mother Earth in an emotional ceremony at the Palacio Quemado. The Law of Mother Earth and Integral Development to Live Well promulgated by President Evo Morales provides for the elimination of the concentration of landownership or landlordism and other components in the hands of landowners and companies, and prohibits the introduction, production, use, and release of genetically modified seeds in the country.
