

Podcast: Recycling 190 million pounds of pesticide containers to promote sustainable agriculture

Ag recycles! On this episode of Biotech Facts and Fallacies, plant scientist Steve Savage delves into the world of agricultural stewardship, specifically agricultural container management. Mark Hudson, executive director of the [Ag Container Recycling Council](#), discusses how ACRC's program has helped to recycle more than 190,000,000 lbs. of pesticide containers since 1992!

[Steve Savage](#) is a plant pathologist and senior contributor to the GLP. Follow him on Twitter [@grapedoc](#). The **[Pop Agriculture podcast](#)** is available for listening or subscription on [iTunes](#) and [Google Podcasts](#).
